If you are looking for some kids' songs that go with this Psalm, consider *My God is So Big* and *I Love My B-I-B-L-E* (look for the version with the penguin breakdancing, you won't be sorry!)

**The heavens declare the glory of God...**

- III. Our Worship (12-14)

On Your Own or with Your Family

Go outside one night this week when it is dark and clear (if you can get out of the city, even better!) Then read Psalm 19 aloud as you look in the sky. Thank God for the beauty of His creation!

Re-read Psalm 19.7-10. Circle each word that David uses to describe God's Word. Journal on each of those words this week. What do they cause you to think about God's Word? How is this different than what you might have thought before?

Memorize Psalm 19.12-14. Make it part of your prayer time in the morning each day. And as God answers that prayer, thank Him for revealing to you those areas where you especially need His grace.
